WELCOME MESSAGE

On behalf of the Tamil Nadu and Pondicherry Chapter of IAPM (TNPCIAPM), it gives us great pleasure to invite you to the “Annual conference of the TNPCIAPM, TAPCON 2023”, which is being hosted by Christian Medical College, Vellore on July 21st and 22nd 2023. This event will be preceded by a half day workshop in Molecular Pathology (PCR/ FISH) and Clinical Pathology (Transplant Immunology/ Coagulation)

The conference will cover an array of topics in Systemic Pathology (Haematopathology/ Uropathology/ Nephropathology) and Clinical Pathology (Transfusion Medicine and Haemocytomorphometry). Eminent national/ international experts in the field will be sharing their experience with talks, case discussions and will provide valuable inputs on diagnostic approaches to these challenging fields.

There will be case based discussions during each of the designated systemic pathology sessions, as well as in a separate designated session which will have a potpourri of cases covering several aspects of systemic pathology. A Quiz conducted by experienced faculty will be an exciting highlight of the conference with a final live round as the penultimate session.

Overall, the conference has been designed to address the needs of postgraduate residents, junior and senior faculty involved in diagnosis and research in systemic pathology, clinical pathology and transfusion medicine.

We cordially invite you to participate in this conference and share your work through the poster and free paper sessions.
